

	<b>9:00-10:30</b>	<b>Peri-operative I</b>	
	<b>Presentation start time</b>	<b>Presenter</b>	<b>Moderators: I. Golubovska (LV), A. Andrijauskas (IRL), R. Tamosauskas (UK)</b>
1	09:00	O. Gutņikovs	Quadratus Lumborum Block for Postoperative Pain Management After Inguinal Hernia Repair
2	09:07	G. Stanevičienė	Peripheral Nerve Blocks in Ambulatory Knee Arthroscopy: Choice of Nerve Blocks and Local Anesthetic
3	09:14	V. Rewari	Ultrasound guided bilateral rectus sheath block with multimodal analgesia versus intrathecal morphine in gynaecological oncology surgery. A non inferiority trial
4	09:21	A. Fjodorova	Analysis of back pain management at the Pauls Stradiņš Clinical University Hospital, Emergency Medicine Centre
5	09:28	A. Sabestinaîtè	Anatomical Relationship Between the Common Carotid Artery and the Internal Jugular Vein During Head Rotation: an Ultrasonographic Study
6	09:35	I. Jaremko	Can Inferior Vena Cava Respiratory Variability Be Useful to Predict Hypotension and Bradycardia During Spinal Anaesthesia in Spontaneously Breathing Patients?
7	09:42	J. Jackeviciute	Comparison of Two Continuous Non-invasive Hemodynamic Monitoring Techniques in Perioperative Setting
8	09:49	E. Zellans	Reduction of Cardiovascular Mortality Using Innovative FFRct Evaluation in Patients Undergoing PAD Surgery
9	09:56	L. Grauslyte	The influence of peri-operative factors on the complication rates and in hospital stay length following gastric resection due to malignancy
10	10:03	K. Kupcinskiene	Dynamics of Coagulation Biomarkers in Long Term Follow-up after Bariatric Surgery
11	10:10	V. Kuzminskaitė	Effects of Sevoflurane and Desflurane on Early Cognitive Changes After Thyroid Surgery: Interim Results
12	10:17	R. Sarkaite	Fast track anaesthesia for liver transplantation: our experience
13	10:24	R. Mickus	Factors Associated with Fear and Opinion on Anaesthesia and Surgery

	<b>11:00-12:30</b>	<b>Cardiac and Extracorporeal Organ Support</b>	
	<b>Presentation start time</b>	<b>Presenter</b>	<b>Moderators: Eva Strike (LV), O. Kvietkovske (UK), Indrek Rätsep (EST)</b>
1	11:00	M. Gailiušas	Association between serum biomarkers and postoperative delirium after cardiac surgery
2	11:07	A. Klesmite	EXTRACORPOREAL MEMBRANE OXYGENATION THERAPY IN PATIENT WITH H1N1
3	11:14	L. Grauslyte	Unknown diagnosis, extracorporeal support and the right to choose.
4	11:21	N. Ivanovs	Tracheal Diverticulum Rupture and Asystole During Laparoscopic Surgery – a Case Report
5	11:28	M. Svetikienė	Role of Nutritional Immunomodulation in T-lymphocytes Subpopulations Responses in Malnourished Patients Undergoing Cardiac Surgery
6	11:35	V. Vysniauskas	The role of transoesophageal pacing echo-stress test for risk stratification before narcosis and operation of patients with suspected Coronary Heart Disease
7	11:42	I. Urbanaviciute	Posttraumatic stress 5-years after cardiac surgery
8	11:49	J. Sabliauskas	Successful Use of Extracorporeal Membrane Oxygenation in Patient with Alveolar Bleeding and Acute Lung Injury due to ANCA-associated Vasculitis
9	11:56	S. Kolevinskaite	Long-term quality of life following elective cardiac surgery: preliminary findings of a 5-year follow-up study
10	12:03	G. Mamontovaite	Extracorporeal Membrane Support in Thoracic Surgery: Four Patients Case Series
11	12:10	B. Vilīte	Pain management in intensive care unit patients after cardiac surgery with sternotomy approach

	<b>13:30-15:00</b>	<b>Intensive Care Medicine</b>	
	<b>Presentation start time</b>	<b>Presenter</b>	<b>Moderators: A. Peckauskas (LT), S. Kazune (LV), Liivi Maddison (EST)</b>
1	13:30	V. Ziamko	Modern microbiological aspects of infection in intensive care unit
2	13:37	I. Vegeris	Prospective Paediatric Intensive Care Registry in Latvia: One Year Outcomes
3	13:44	G. Moisejevs	Early Initiation of Continuous Venovenous Hemofiltration (CVVH) in sepsis patients may improve long-term survival
4	13:51	T. Torlinski	Anticoagulation Practice in Burns Patients Hospitalised in Critical Care

5	13:58	K. Rubliauskas	Relative Communication with Medical Personnel in Intensive Care Unit
6	14:05	T. Bukauskas	Value of circulating molecular biomarkers (microRNAs) for the evaluation of systemic inflammatory response during urgent anaesthesia
7	14:12	A. Maciuliene	Perioperative Focused Transthoracic Echocardiography - Guided Fluid Resuscitation May Improve Intra-abdominal Sepsis Outcomes
8	14:19	T. Young	High Dose Insulin Therapy for Metformin Poisoning: a Case Series
9	14:26	A. Kokorevičs	Use of Antibiotics at the Emergency Centre of Pauls Stradins Clinical University Hospital
10	14:33	J. Martin	Effectiveness of high-flow nasal oxygen therapy in management of acute hypoxemic and hypercapnic respiratory failure
11	14:40	R. Mickus	Influence of Parenteral Nutrition on Central Venous Catheter-Related Bloodstream Infections.
12	14:47	J. Tutkus	Assessment of nutritional therapy in intensive care unit and reasons for its interruption

	<b>15:30-17:00</b>	<b>Peri-operative II</b>	
	<b>Presentation start time</b>	<b>Presenter</b>	<b>Moderators: J. Gudaityte (LT), T. Kananavicius (UK)</b>
1	15:30	R. Januleviciene	Comparison of Preoxygenation Efficiency with Intersurgical Economy and Intersurgical Qadralite Anaesthetic Face Masks
2	15:37	R. Rathod	Intra Operative Difficulty in Ventilation: Expect the Unexpected
3	15:44	S. Murniece	Near infrared spectroscopy based clinical algorithm applicability during spinal neurosurgery in prone position to avoid postoperative cognitive dysfunction
4	15:51	R. Berezovskis	Postoperative cognitive dysfunction after spinal neurosurgery in prone position
5	15:58	M. Sasnauskaite	FS-ICU 24 among Neurosurgery Intensive Care Unit patients' family members at Lithuanian University of Health Sciences
6	16:05	S. Aliukaite	Pregnancy makes women fit
7	16:12	D. Gasiunaite	General anaesthesia for parturients with severe pulmonary arterial hypertension during Caesarean section
8	16:19	J. Spuras	Prolonged neuromuscular blockade
9	16:26	J. Jackeviciute	Improving Patient Handout in Advanced Nursing through Medical Simulation
10	16:33	K. Rubliauskas	Patients' feedback regarding medical students in tertiary healthcare: are medical students accepted in clinical practice
11	16:40	G. Sakalauskaitė	Childbirth analgesia and newborn pH
12	16:47	V. Kuzminskaitė	Incidence and Features of Preoperative Anxiety in Patients Undergoing Elective Non-cardiac Surgery
